

## LEGION TO HOLD PROBE OF ATOKA DEAL TO WILSON

State Commander Announces Matter to be in Hands of Committee.

**FAIRNESS TO ALL**  
Two of Four Signers of Charge Claim Not Consulted.

(By the Associated Press)  
OKLAHOMA CITY, May 5.—A complete investigation of the action of the Atoka post of the American Legion in passing a resolution absolving George Wilson, farmer-labor league leader, of the charge that he declared in Atoka county in November, 1921, "I never see an American legion button but I want to shoot a hole through it," will be made by the state executive committee of the American Legion.

This announcement was made tonight by Dudley Monk, Oklahoma department commander.

"In fairness to Atoka post of the American legion of Atoka, Oklahoma, to the American legion as an organization, to George Wilson, and to the public, the department executive committee believes that a thorough investigation should be made of every phase of the George Wilson matter by the executive committee," Monk said.

"Arrangements are now being made for a thorough inquiry into the entire matter within the next few days."

**May Ask Appointment Check.**  
That the legion probably would demand that the expected appointment of Wilson as head of the Oklahoma A. and M. college be held in abeyance until the official investigation is concluded was indicated at state headquarters of the legion.

Four men signed the original accusation against Wilson, their report being passed by the Atoka post in May, 1922. The men were: Ira J. Banta, Fred Douglas, I. L. Cook, and J. M. Humphreys.

In a resolution passed by the Atoka post last Monday according to copies on file which Leon Brown, state adjutant, the post declared that Cook and Humphreys had gone "square back" on their previous statements and repudiated them.

Banta and Douglas declare that they were not consulted.

One of the documents which the legion is using as a basis for the investigation is a communication from Douglas dated last Wednesday in which he reiterates his charge concerning Wilson.

Only eleven men were present when the resolution was passed exonerating Wilson, according to Douglas.

## COLLEGE DEBATE TEAM OUT AGAIN

Oklahoma City College Next to Challenge Argument of Local Team.

East Central College will carry her honors in the debate field to another goal here Monday night when the girls team, composed of Miss Opal Bennett and Miss Ruby Andrews, of the Ada college will defend the college laurels against the girls team of Oklahoma City college, composed of Miss Gladys Gillette and Miss Beatrice Morgan.

The East Central debaters will defend the affirmative side of the question: "Resolved: that the parliamentary cabinet system of government should be adopted by the United States."

Judges for the debate will be E. E. Brown, assistant state superintendent of public instruction; S. R. Hadsell, head of the English department of Oklahoma university; R. E. Crump, head of the department of education of Southeastern State Teachers college at Durant.

East Central debaters have carried their argument to the favor the judges in every instance of contention during the year, receiving unanimous decisions from judges in debates with Northeastern State Teachers college at Tahlequah, Southeastern State Teachers college at Durant and Oklahoma Baptist university of Shawnee.

**NOWATA.**—A replevin suit to gain possession of a horse which he declares he bought at an auction sale for \$1 has been filed by J. W. Brashear in justice court here against Van Johns. Brashear claims Johns refused to deliver the horse after the sale had been made.

## Manuel Follows Skirt-Fined

(By the Associated Press)  
WASHINGTON, May 5.—Former representative, Manuel Herrick of Oklahoma, who called himself the "aerial daredevil of congress" was convicted in police court today on a charge of disorderly conduct preferred as a result of complaints that he had been annoying a young woman on the streets. Sentence was suspended on notice of Herrick's attorneys that they would make an appeal.

The defense sought to intro-

## LEGIONNAIRES TO START PROGRAM

Important Activities for Post Outlined at Friday Night Meeting.

Several problems for the future of the Norman Howard post, American Legion were taken up at a special call meeting of the post members Friday night at the chamber of commerce rooms.

Commander Elbert Reed reports the most important meeting of the year from the standpoint of accomplishments. A record attendance discussed the Legion program for the year.

A report was made on the recent commanders' meeting at Oklahoma City, where plans were laid for a state membership and Americanism drive.

Local officers have brought the state proposition to the local members of the Legion and have urged the cooperation of all members in bringing in every ex-service man in the county into the folds.

Speaking delegations are slated to start this drive Monday by outlining a tentative schedule for talks to ex-service men at various points in the county.

Several committees were appointed at Friday night's meeting for activities outlined by the Legion.

Plans were discussed Friday night for a rousing July 4th picnic under the auspices of the Legion. Governor Walton will be asked to be the guest of honor for the occasion.

## BUSINESS MEN CONFERENCE ON PROBLEMS OF WAR

(By the Associated Press)  
WASHINGTON, May 5.—Prominent business men in various industrial centers have been called to Washington to confer with acting secretary of war, Davis, and army ordinance officers on plans for mobilization of the national industrial resources for ordnance production in time of war. The first meeting will be held Monday after a reception at the white house by President Harding.

**ARK. CONGRESSMAN-ELECT VICTIM OF HEART FAILURE**  
(By the Associated Press)  
HOT SPRINGS, Ark., May 5.—L. E. Sawyer, congressman-elect from the sixth Arkansas district, died suddenly late today while speaking at the Elks club here. Heart failure is ascribed as the cause of his death. Those who were with Mr. Sawyer say that he suddenly fell forward on his face. He leaves a widow and two daughters.

Work on the troopship Levathan, which is being converted into a passenger ship is taking the service of 2,900 workmen at Newport News alone.

## FORD ACCLAIMED WORLD'S RICHEST

"Street" Estimates Wealth of Manufacturer Now Six Hundred Millions.

## NEW YORK, May 5.—"The Street"

estimates the wealth of the Ford company statement of its financial condition as of February 28, 1923, showing assets of \$556,351,939. Actual cash on hand was \$159,605,687.

The figures were revealed in a statement filed with the Massachusetts commissioner of corporations in Boston.

Twenty years ago the Ford Motor Company was established with a capital stock of \$100,000, a factory floor space of 2800 acres and an average number of employees of 311. The first year 1700 cars were built. On last April 7 it was announced that the company had built more than six million since its organization.

Last February 28 the statement shows that the profit and loss surplus was \$359,777,598. Wall street estimates the profits as approximately \$119,000,000, equalling more than \$690 a share on the 172,465 shares of \$100 par value capital stock outstanding which Henry Ford and his son Edsel own outright. Wall street further estimates that Ford's fortune totals somewhere between \$600,000,000 and \$750,000,000.

Ford is said to replace John D. Rockefeller as the world's wealth leader. The Rockefeller fortune has been depleted to \$300,000,000 by the oil man's various gifts, estimated in round numbers at a billion dollars. Andrew Carnegie's wealth was totaled at an estimated \$200,000,000 and the Marshall Field estate climbed to \$120,000,000 while the John Jacob Astor estate was \$70,000,000.

## Waner Leads Coast League As Swat King

Paul Waner, who has many times thrilled the baseball fans of Ada, is performing no less service to the fans on the Pacific coast, according to newspaper clippings received here.

Paul, reputed in this section of the state for his batting ability, has carved the breezy pace of the Pacific coast leaguers, leading the league in batting.

Paul recently faced pitchers ten times in two games and claimed eight hits for his share of the batting glory. Paul is leading the league with a batting average of .611, 116 points ahead of his closest rival for batting honors.

Waner is playing right field for the San Francisco Seals, club managers deeming his feats in field and at bat of more importance than his work on the mound.

## Soft Life

CHICAGO, May 5.—Before he even strikes a blow Jack Dempsey, world's heavyweight champion, will receive \$300,000 for defending his title against Tom Gibbons of St. Paul in a fifteen-round decision contest at Shelby, Montana, July 4. Gibbons will take a percentage of the gate receipts after the \$300,000 mark has been reached in the box office. Dempsey is to get the first \$100,000 today if he raised a bond of \$100,000 as stipulated by the Montana bankers who are backing the fight.

ARDMORE.—It costs the 20,000 citizens of Ardmore 40 cents a day to purify the water they use, by means of chlorine gas, according to a computation made by city officials. A small machine less than two feet square discharges the gas into the water at the reservoir. One small drum of the gas lasts twenty days.

## REFORMATORY IN LINE OF CHARGES OF MRS. BASSETT

Commissioner of Charities and Correction Claims Inhuman Treatment.

## AFTER BREEDING'S JOB

Affidavits Claim Boys Victim of Floggings from Dunk- en Guards.

(By the Associated Press)  
OKLAHOMA CITY, May 5.—Charges that small boys confined in the Pauls Valley training school, the state reformatory, have been brutally beaten by guards with the approval of W. C. Breeding, superintendent of the institution, were made in a report on conditions at the school submitted to Governor Walton today by Mabel Bassett, state commissioner of charities and corrections.

Mrs. Bassett attached to her report 46 signed statements detailing the alleged horrors of existence at the reformatory. She demanded the removal of Superintendent Breeding.

"We have got to treat 'em rough—they are not anything but a bunch of criminals."

This was the explanation of Superintendent Breeding when he was told that small boys were being inhumanly flogged by guards, according to a sworn statement obtained by Mrs. Bassett.

Four drunken guards working in relief tortured small boys with an eight-foot strap, other witnesses alleged in the affidavits.

"My instructions were, to make them work and to light in on them if they don't. Goldie (a guard) told me to put it on 'em and beat them to death if they don't."

"I have seen boys whipped until the flesh looked like it had been burned or blistered with a hot iron. One hundred and fifty licks and they sure jerked them."

So testified an employee of the contracting firm who worked with a crew of the boys for several weeks. He charged in his statement that he had been authorized to flog inmates for any infraction of the regulations.

Any one at the institution was allowed to beat up a boy if he saw fit, the man swore.

**Four Named Punishers.**  
"Goldie" Jones, Bob Clayton, Breeding and Vandersoll are most frequently mentioned in the affidavits as those who figured in torture sessions held at the school chapel, where the most brutal beatings are alleged to have been administered.

Guards and employees of the institution were permitted to have liquor in their possession with the knowledge of Superintendent Breeding, Mrs. Bassett reported that the guards carried revolvers.

Mrs. Bassett declared she believed that Eddie Pyle, sixteen-years old, who committed suicide several weeks ago, killed himself because he was unhappy at the institution.

**School Training Joke.**  
School work at the institution is a joke, Mrs. Bassett asserted. Two teachers are employed for the instruction of 125 boys ranging from eight to nineteen years, she said.

One of the teachers also works as cook and the other has alternated with work on the chicken farm. Neither have certificates to teach in Oklahoma, according to Mrs. Bassett.

One former inmate testified that he had attended school but six weeks of the eight months he was at Pauls Valley. Another boy said that in sixteen months he spent only three weeks in school. Most of the time he busy hauling coal, the lad explained.

"A boys training school—it's a mockery," declared Mrs. Bassett.

A group of small boys were asked what was most needed to better their condition. One said, according to Mrs. Bassett, that he would like to go home so he could go to school. A second said he would like to write home more often. The boys are allowed to write only one letter every two weeks, it is alleged. The rest of the boys, Mrs. Bassett reported, were in "unison," "more bread" they said.

Superintendent Breeding refused to allow Mrs. Bassett to question the boys unless he himself or one of the reformatory employees was present, she said. When she finally appealed to the attorney general Breeding capitulated, she reported, but she charged that then the boys had been "fixed."

## Not The Time -- But Place

Romance stepped between the gaping abyss of time Saturday and scored a long delayed victory over opponents of Dan Cupid.

The rickety stairs of the court house building, claimed another trembling aspirant to the \$3-bail of the marriage license clerk, when J. B. Brumley, 61, produced the required fee and showed the proper spirit.

His ride of 17, Miss Minnie

Trimble, was near at hand when all the preliminaries were completed.

"Join right hands—Do you take this woman for your lawful wedded wife?—Do you take this man for your lawful wedded husband?—You're married!"

The bride leaned on the arm of her mate and the court house officials went back to work.

## CHANGES MADE IN SHORT KATY LINES

Receivership Appointments not to Interfere With Service of Branch Here.

Under a recent action of the court Byron F. Babbitt was appointed receiver of the Katy line from Coalgate to Oklahoma City, this line not being included in the deal when the Katy system was reorganized and taken from the hands of receivers. The main system is now known as the Missouri-Kansas-Texas while this line retains the old name of Missouri, Kansas & Texas. Although an independent line for the time being, the public will not be affected as the operations will continue as in the past, pending further action towards disposing of this line to the re-organized Katy or some other big system.

Sometime ago there was talk of electrifying the line, but it is stated that this has died down.

One of the first actions of the new receiver was to announce the appointment of C. A. Birge as general manager and treasurer, M. M. Harwell, general freight and passenger agent, and W. W. Moody, general auditor. The headquarters of these general officers will be at Oklahoma City.

For the past two or three years Mr. Harwell has been the agent of the railroad at Ada, and he states that he will continue to hold this position while acting as general freight and passenger agent. He will maintain an office at Oklahoma City with a clerk in charge when he is absent.

## Old Heads to Quit Offices For Kid Rule

"Hey, Skinny, wanta be mayor?" The boy scouts of Ada troops are going to elect one next week.

The scouts will elect other city officers and show the old heads how to run the municipal government.

The election of city officials will be carried out in regular form, each scout being required to register with nominated registrars, who will be found at the various schools in the city. W. M. Pegg, county registrar, will name registrars in each of the city precincts Monday.

Candidates for respective city offices must file Wednesday and start their band-wagon speech campaign.

The city primary will be held on Thursday and the general election following on Friday.

Bartering of sling shots and various other prizes attractive to the eyes of the youngsters of "yoting" responsibility are expected to be used to gain favor with the Byng bridge and the additional school levy propositions as campaign issues.

The preferred officers will be installed at a later date.

Mayor Fisher at that time will offer an address of guidance for the youthful city leaders and turn over the reins of city government to Scoutdom.

## Bodies of Miners Taken From Grave By Rescue Workers

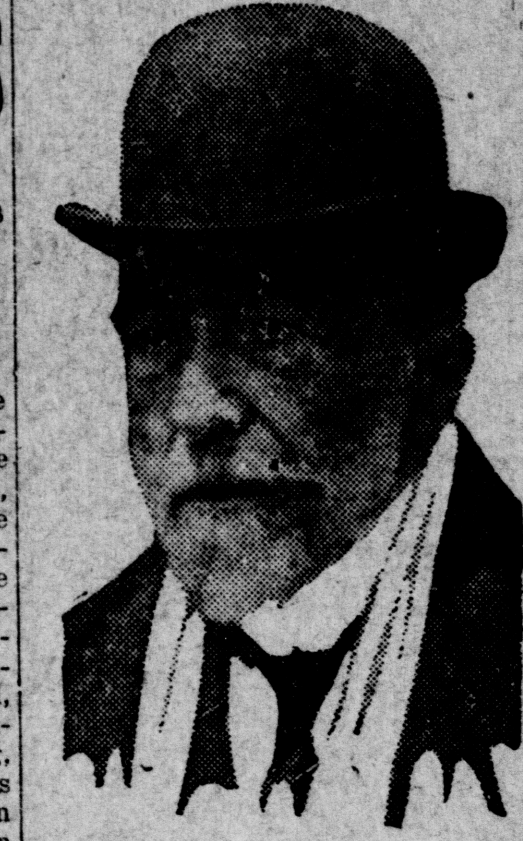

(By the Associated Press)  
TRINIDAD, Colo., May 5.—Two bodies had been recovered and eight checked as missing in the explosion wreck north slope of the Rocky Mountain Fuel company at southwestern camp near Agular early tonight, which increases a number of men intombed by explosion to ten.

The bodies taken out by the rescue crews late today were those of two Greeks, John Konistakis and John Soupanigalis.

Reports from the mine said the belief is strengthened by conditions encountered by rescuing crews that all in the mine have perished.

Several of the rescuers were overcome by gas.

## ADA HI BOWS TO STATE OPPONENTS

Literary and Musical Contests Lost to Larger Schools of State.

Numerous entries and hot competition marked the contests at the state high school track and literary meet at Norman, according to Professor W. A. Hill of the Ada High school. Ada was represented in a number of literary and musical events, and while the local boys and girls did not take first place in any of these contests they made a good showing in comparison with other schools.

The High school orchestra took fourth place in its event. Ardmore took first place, Bartlesville second and Chickasha third. All the organizations were excellent, Mr. Hill says.

The band also placed fourth in competition with the largest cities of the state, Oklahoma City, Tulsa, Muskogee and Bristow. All these organizations were represented by much larger memberships than the local band, and had advantages of instruments that the Ada band did not have. The difference, as given Mr. Hill by observers, was one of quantity and not of quality.

Ada students did not place in any of the other literary and musical events. That they received much benefit from the trip in mingling with students from all over the state and comparing their work with that of others is the belief of Mr. Hill.

## Music Clubs of College to Give Feature Concert

The fine arts department of the college, including violin, band, orchestra, readings, instrumental and vocal solos, and the Treble Clef club, will appear in a grand concert at the college auditorium Wednesday night.

This program, which includes music and readings of of only high class music, will mark the end of this year's work in these departments. The progress of this work will be shown by the class of music to be presented.

This year represents a marked development along these lines, according to A. L. Fentem, and the concert will give the public an opportunity to learn just what has been done in the fine arts line.

TULSA.—Tulsa university students are staging a money raising campaign of their own in aid of the drive for \$1,000,000 endowment which is under way for their school. Greek letter societies have taken the responsibility of signing up their members. The Peptiac club is behind the campaign.

## FEDERAL AGENTS FACE NEW YORK RUM WAR ALONE

Repeal of State Enforcement Act in New York May Hinder Operation.

## PREPARES LONE FIGHT

Fear Activities of Runners on International Border Line.

NEW YORK, May 5.—Federal prohibition enforcement in New York, facing the necessity of drying up the state unaided if Governor Smith affixes the expected gubernatorial signature to the bill repealing the Mullan-Gage state enforcement act, today began drafting plans for spreading their attenuated lines over territory which has been largely covered for them by state and municipal forces.

Palmer Canfield, enforcement director for New York state, said he had about 200 men at his command to cover the entire state, including the Canadian border, now largely patrolled against rum runners by state police. He expects assistance from Washington for an increase in his forces.

WASHINGTON, May 5.—Although prohibition director Haynes declared today that there would be no let down in prohibition enforcement in New York state, the general view here was that the action of the New York legislature in repealing the state enforcement code would make far more difficult the task of the federal forces.

Mr. Haynes' view was that the action of the legislature would mean only that the federal government would have to provide in a large measure police agencies to make up the loss of "whatever cooperation may have been provided by the state." He said sufficient funds were available to increase the field forces but indicated that a survey to determine upon the extent of the increase would await an actual withdrawal of the state forces upon the signature of the repealing act by Governor Smith.

A chief concern of the enforcement officers is that with the state forces withdrawn the rum fleet which has been active on the New Jersey and New York coast might transfer their operations to Canadian waters in hope of finding easy access for their cargoes into New York across the international border. With the active cooperation of the coast guard service prohibition officers believe they were in a fair way to cut off the major portion of New York's present liquor supply from the sea. Should the "rum fleet" transfer its base to Canadian waters it is suggested that it might mean a renewal of negotiations with the British government looking to its co-operation in the enforcement of the prohibition laws.

## SLAYER CALM IN MURDER CHARGES

Admitted Murder of Haworth Family in Preliminary Trial at Idabel.

(By the Associated Press)  
IDABEL, Okla., May 5.—As calmly as he planned and carried out the killing of his estranged wife and members of her family last week, John W. Pope today awaited his fate at the hands of the law.

Pope is held in the county jail here with his 19-year-old son John and "Red" Harvey, 21 years old, his accomplice in the slaying.

Without a trace of emotion Pope admitted the murder of his wife at his preliminary hearing yesterday. He made the confession voluntarily after listening to his son and Harvey relate the details of their trip to the farm home of T. H. Hansell, father of Mrs. Pope.

Pope was bound over to the district court without bond. He is expected to plead guilty. The youths have already entered pleas of guilty to murder charges and are awaiting sentence.

Mrs. Pope, her father and mother, a seven-year old brother, and her infant daughter, were shot to death as they lay in their beds.

Pope will escape the electric chair, however, if Governor Walton holds to his pledge that no person will be executed by the state during his term of office.

Exports of meat and meat products from the United States last year totaled 1,758,000,000 pounds, compared with 1,946,000,000 pounds in 1921.

MEMPHIS, Tenn., April 3.—Frank Jones, who killed Jack Britton, middle weight boxer yesterday, told the officers that he had sought Britton continuously since Friday when his 17-year-old sister told him of the pugilist's wronging her. He said he fired two loads from a shot gun into Britton's body when Britton drove to their home yesterday. Although the details of the affair as given by Jones and his sister were in the main similar, authorities ordered an investigation into the facts of the killing.

## FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach.

"My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition."

## STAR MAKES REAL "PUGS" GO LIMIT

When Universal announced its decision to film another series of H. C. Witwer's popular stories of "The Leather Pushers" the casting director was besieged with applications from some of the best known pugilists in the ring today. They knew they would be given serious consideration because Reginald Denny, the star, insists on realism. As a result Director Harry Pottier obtained the services of men like Sam McVey, Jack Renault, Danny Hayes, Frankie Ryan and Bob Armstrong.

But the professional "pugs" admitted that they earned their money, because Denny is a rugged athlete and highly trained boxer. When he starts in to fight in front of the camera his opponent knows that he is in a scrap. Several times Denny forgot all about acting and fell into a regular slugging bee, and Hayden Stevenson, who plays the part of the wise-cracking manager and Director Pollard had to stop the camera and drag the men apart.

However the realism that Denny injects in his pictures is responsible for a large share of their success. The first of the new series which is being shown Wednesday at the McSwain Theatre can truthfully be

# SCHOOL DISPLAY SHOWS PROGRESS

School Work Exhibits Credit to Ada; Parents' Day Claimed Success.

Following out a custom established in the previous years, yesterday was observed as Parents' Day at the various ward schools of the city when open house was held to give the patrons of the schools an opportunity to see the assembled work of the children. The purpose of this day in the school calendar is to encourage patrons to visit and inspect the work being done and to bring the school and the home into closer relationship in their mutual problem. Approximately one thousand and registered at the various schools where the teachers and pupils gave them the glad hand and showed them in detail the various rooms where the exhibits were on display. This is decidedly the best showing yet made of interest on the part of patrons and gives evidence of the appreciation on the part of the public of the work being done in Ada's public schools. Every school building was dressed up for company and refreshments were served by student and teacher committees. The janitors had made everything spick and span and were all proud of their buildings and yards. Old glory waved approval from the top of every flag pole and an open Bible on each teachers desk was mute evidence of the sacred regard of teacher and pupil for the Book of all books and for the principles of right living as taught by the man of Galilee. The exhibits consisted of the regular work done by the children in their daily routine of tasks and assignments for the year and in many instances showed remarkable progress. Particularly true was this in penmanship, drawing, number work and language where comparisons of work done at the beginning and the end of the year were in contrast. The work in penmanship and drawing showed unity of plan and purpose on the part of those in charge of it at each building and the supervisor, of Mrs. H. F. Felix, who is supervisor of this work in all the schools. The Washington school had a splendid showing of work and many trophies won in the various contests of the year. This was also true of the Irving school, and particularly proud was this school of the cup won in the county track and field meet. The Irving school and the Hayes school had interesting and unique displays in the way of manual work consisting of merry-go-round, circus may pole, and a house with garage and car in waiting. The Willard school showed some splendid evidences of excellent work in arithmetic and language and the assembly rooms of the Glenwood school was a first class days entertainment to any one interested in school work. The sixth grade room at the Glenwood building had a fine display of maps made from various kinds of seed. The work of the Ada schools is indeed creditable and both teachers and pupils are to be commended for the splendid evidence of faithful attention to the routine of duties during the year closing and for unmistakable quality of results obtained.

## ADA SUFFERS LITTLE FIRE LOSS IN YEAR

Fire with all its attendant excitement for the older people and joys for those who do not yet appreciate the serious consequences will in all probability not be a common visitor to Ada during the coming summer, according to Somer Jones, Ada fire chief. Fires are much more common during the winter months, especially in December, he says.

It goes without saying that Ada is prepared for such conflagration as may occur, for the fire fighting equipment is always in readiness, as the men who guard the town against ravaging flames.

The number of fires this year have run to about the usual figures for this time of year, the records show. January with eight fires had very little loss. February with five calls brought to Ada a loss estimated at \$1525. March with seven calls almost equaled the damage of the preceding month with \$1375. During April the fire force was called out five times and were able to prevent all but a loss of \$325. Altogether Ada lost in the four months of 1923 something over \$3000 by fire.

Spain Wants 28,00 Teachers (By the Associated Press)

MADRID.—The Spanish nation finds extreme difficulty in obtaining elementary school teachers, of whom a further 28,000 are required in order to provide the millions of illiterate children with education.

The reason for the shortage is the small salary offered to elementary educators, who begin with only 2,000 pesetas yearly, and many with great good luck reach 2,500 after 25 years' service. There are naturally some posts in the profession which are better paid, but these are few and far between, numbering only 142. The highest paid is remunerated with 8,000 pesetas yearly.

## LOCAL GIRL IS CONTEST WINNER

Miss Lena Hicks Wins in Reading Contest With State Colleges.

East Central Teachers College has proved supreme among the state teachers colleges in still another line of endeavor. In a reading contest Friday evening at the college auditorium of the local school, represented by Miss Lena Hicks, won the annual state teachers college reading contest over contestants from four of the other five schools. Weatherford college was the only one not represented in the contest.

In winning first place for the school, Miss Hicks also won a gold medal to commemorate her achievement. This is not the first contest in which she has come out winner. She won her first reading prize when only seven years of age in the county meet here and has since continued the training that enabled her to compete successfully with representatives from the state colleges.

In addition to her ability as a reader, Miss Hicks is an accomplished pianist. In 1915 she won the state high school piano contest. She also has played cornet in the college orchestra, and has served as pianist for the glee club. Miss Hicks receives a bachelor of arts degree from East Central this year at the unusually youthful age of eighteen years. She has attended the local school for a number of years and is well known and very popular among the student body.

Miss Hicks expects to continue her work, already so well begun, in music and expression.

## COLLEGE NOTES

President A. Linscheid went to Hugo Saturday to attend a banquet given in honor of Prof. M. P. Hammond, recently elected president of the Northeastern Teachers College at Tahlequah. The State Board of Education and the presidents of all teachers colleges were expected to be present.

Prof. A. L. Fenton and several of the student body of the college expected to go to Trosedale, Pottawatomie county, today to attend a big community meeting.

The Pesagi, the annual of the East Central State Teachers College, is in the hands of the printer and should be ready for delivery by the first of June, according to announcement by Business Manager T. K. Treadwell. For the first time the work is being done in Ada, the News print shop handling it.

# SEEK NEW TRACT AS FACTORY SITE

More Land Needed to Insure Sufficient Acreage for Industrial Section.

A campaign to raise funds with which to purchase additional acreage for the industrial sites north of the city will be put on next Friday by the Chamber of Commerce, according to an announcement this morning by Ralph Wanner, secretary.

There is some acreage that has not been taken, but it is not in the right shape for the new glass plant that is coming, Wanner announces, and more land must be purchased for this factory. It is understood the amount required to get the acreage is around \$3,000. It is explained that all of this will not be given to the glass factory, but it is deemed advisable to get the entire tract, as it can be purchased to much better advantage than just enough for the plant can be purchased.

The city has been divided into sections, and a squad will have charge of each section. In this way it is expected the city will be covered in a few hours, and all the work can be done Friday.

The Chamber of Commerce has made a wonderful start, those who have watched it work say, and no difficulty is anticipated in raising the amount desired.

## Aggies to Offer Many Courses at Summer Session

(By the Associated Press)  
STILLWATER, Okla., May 4.—Two hundred forty courses of college credit rank, forty of them added this year, will be given in the summer school curriculum of Oklahoma Agricultural and Mechanical college here. It has been announced. The short session will open May 31. This will be the sixteenth summer term.

Special attention will be given to courses offering agricultural and vocational work to teachers. Pedagogical courses have the preponderant place on the list of studies. All subjects required for state, county and special summer certificates are to be covered, with work in virtually every department of the college.

GUTHRIE.—Rural "petting parties," indulged in by young persons from the city who halt their motor cars on country roads, have been barred by Sheriff Bogges. The officer said many farmers have protested to his office that such performances have disturbed them when the automobiles were stopped near their homes.

PONCA CITY.—Only one business firm has failed in Ponca City in the last three years, according to records compiled by the local Retailers' Credit association. There have been many business transfers, and a number of new business ventures have been launched in that time. Membership in the association has increased from 57 to 93 since November.

## At the Rainbow's End

"At the Rainbow's end, there's a pot of gold"—so reads an old legend. And many are they who have believed this phantom theory—who have even tried to gain the coveted treasure—who have spent their time; their energy in its quest.

Today, many people seek the pot of gold at the end of "speculative" rainbows. The promises are just as beautiful and alluring as those of the legend and they inspire the same fatal faith.

But "rainbows" vanish, and few who speculate have found their end. Too often, the savings of a lifetime vanish—even as the bow in the heavens—

The real pot of gold is to be had only from a consistent saving of a portion of the return from ones labor. NO MATTER WHAT YOU EARN, SAVE A PART OF IT and eventually you will find the rainbow's end.

MISS NELL ROBIN HODGE  
HONOREE AT BRIDAL SHOWER

One of the prettiest bridal showers of the year was given in honor of Miss Nell Robin Hodge Saturday afternoon by Mrs. A. B. Mears in her beautiful new home on South Rennie avenue.

Spring was rivalled in beauty by the artistic decorations of the interior in a color scheme of pink and green.

Games were played with heart shaped cards, where again the color scheme of pink and green was carried out. After a delightful game of "Hearts" a dainty pink and green ice course was served.

Then came the happy surprise of the afternoon. Little Virginia Lee Griffith, a niece of the bride to be, and Dorothy May Mears brought in a lovely big basket in which sat baby Elizabeth Mears as Day Cupid. This little God of Love had piled high around him, numerous daintily tied packages, which when opened proved to be many handsome and useful gifts to the honoree, Miss Hodge. Little Miss Griffith toasted the bride and Miss Mears, the groom.

Those who shared the joy of this happy afternoon with the bride-elect and hostess were Mrs. G. C. Hodge, mother of Miss Hodge, and her sisters, Mrs. Claude Griffith, and Mrs. Hugh Mathis; Mesdames Linscheid, E. C. Wilson, R. E. Griffith, Robert Kerr, Ruth Carter, Marguerite Hawkins, Jim Evans, Murrell Mathews, Ed Wagoner, O. Dandridge, Val Land, Fred Orr, Shackelford, and Misses Mattie Lyday, Gertrude Montgomery, Julia Nicholson, Stella Watson, Lucile Griffith, Annie Lee Bolton and Beatrice Craig.

MRS. P. A. NORRIS ENTERTAINS  
PI KAPPA SIGMAS AND GUESTS

The palatial home of Mr. and Mrs. P. A. Norris on Goose Hill, east of the city, stood out as the peak of feature social occasions honoring the members of the Pi Kappa Sigma Sorority and their guests Friday evening.

Mrs. P. A. Norris, patron, assisted by Mrs. C. E. Burton, Mrs. M. B. Molloy, Mr. and Mrs. Calhoun Sparks, Mr. and Mrs. Stonewall Jackson and Mr. and Mrs. T. B. Blake received the guests, informally before they were escorted to the Norris home, where dancing was claimed the feature interest of the social evening.

Members of the Pi Kappa Sigma sorority and their escorts formed in the grand march before the floors were occupied with dancing during the evening.

Tables for bridge were set on the lower floors of the Norris home and many couples indulged in enjoyable games.

Punch was served during the evening with Miss Marjorie Norris, daughter of the hostess, presiding.

Pi Kappa Sigmas and their guests were profuse in the expression of appreciation in the charming manner in which Mrs. Norris and her assisting hostesses made the event a memorable occasion in the calendar of the sorority for the social season.

Guests were: Misses Mozelle Sloan, Oleta Montgomery, Martha Oliphant, Paye Smith, Grace Bertam, Geraldine Hale, Annie Mae Moore, Louise Meaders, Hellen Gay, Ruth Burton, Ruby Andrews, Celma Bolen, Lois Burton, Marjorie Jackson, Edna Driskell, Stella Watson, Mattie Lyday, Gertrude Montgomery, Anna Weaver Jones, Ida Hoover, Julia Nicholson, Inez Morris, Eileen King, Lena Hicks, Isabelle Johnson, Lucy Gregory, Lucy B. Hughes, Gladys Burgess, Velma Jordan, Mrs. Emanuel.

The out-of-town guests were: Miss Hughes of Henryetta, Miss Reburn of Tahlequah, Miss Gillis of Tahlequah, Miss McDonald of Alva, Miss Wilkinson of Alva.

Messrs. A letter from F. E. Bowman of Rogers, Ark., says everything is prosperous in the Ozarks. He is enthusiastic over the apple blossom carnival held there some weeks ago. Movie scenes were taken of this and will be shown in some of the local theatres before long. Mr. Bowman and family were residents of Ada until last summer, when they moved to Arkansas to engage in growing fruit.

## BIBLE THOUGHT FOR TODAY

**RIGHTEOUS SEEN AND HEARD:**—For the eyes of the Lord are over the righteous, and his ears are open unto their prayers.—1 Peter 3:12.

## THE SCHOOL LEVY.

The citizenship of Ada has always been strongly in favor of good schools and from the infancy of the town the school system has been given hearty support. However, with a state fund of insignificant proportions, it is plain that the major part of the revenues must be raised by local taxation.

Tuesday the voters of the Ada school district will pass on the question of an additional 10-mill levy above the regular 5 mills, and on their decision depends the fate of the school system for another year. Without this tax the term would probably extend over about four months and with such a short term the grade of teachers possible to be secured would be of a class that would mean the utter waste of the money paid them for such services as they could render.

The citizens of Ada cannot afford to go backwards. Of course schools cost more than they did twenty years ago, but more is demanded of the teachers in the way of preparation and qualifications than in that day, hence it is not possible to secure competent teachers on the pittance they once existed on.

In this connection the Ada schools have advanced rapidly within the past few years, practically all of the teachers now being graduates and a large per centage of them holders of degrees. Since other places pay larger salaries than Ada, it is evident that there is no extravagance in that score. Ada has a well managed system of schools and no worse calamity could befall the town than to have anything happen that would hurt the schools. The proposed levy is a matter of necessity to the district.

The 100th anniversary of the writing of the classic song, "Home, Sweet Home," will be observed May 8. Perhaps more brilliant compositions have been produced, but none ever carried a stronger appeal than this. It expressed the longings of a man who had no home. He wandered from place to place and from land to land, but there was no place he could call home. His words struck a responsive chord in every heart and will be sung as long as the English language is spoken. Payne probably had no idea that his little song would immortalize him, but this it has done. His memory would long ago have faded from the world but for this composition expressing the feelings of one who had seen the world and found no satisfaction anywhere equal to that in a humble cottage amid congenial surroundings.

The Lausanne conference is still dragging along. The Turks are in the saddle and are still dictating terms of peace. It is either sign or fight and just now none of the allies care for another war. The joke is that most of the guns and ammunition the Turks have were purchased from allied nations to fight the Greeks. It was all very well to sell at a handsome profit while little Greece was the victim, but now with these same guns pointed at their own heads the allies fail to see the joke.

The Tishomingo Capital-Democrat recently carried an item thanking a county official for a nice order of printing. In the next issue the paper took it all back, saying that after a mild criticism of some feature of the official conduct of said official had appeared in the paper, he suddenly discovered that he did not need the printing and cancelled the order. However the Capital-Democrat shows no sign of going out of business because of the loss of the order.

Sugar took a slight tumble at New York a day or two ago and press dispatches say that the dealers frankly admit that the buyers strike is being felt by the gang that is trying to bleed the public out of a lot of money. Capper's Weekly says the strike is spreading and that the price is due for another drop or two.

According to the Sulphur papers the boosters of our neighboring city have mapped out some auto trips to various places this week to get better acquainted and extend the glad hand. According to the schedule, a bunch will be in Ada at noon Tuesday. Ada is on the friendliest terms with all her neighbors and will welcome these visitors in her usual manner.

The facisti organization has spread to Mexico and it is announced will have a candidate for the presidency next year. However, they may change their notion. It has always been a dangerous thing for a second candidate to appear in the presidential race in Mexico if the president wanted another term, and he always does.

The new dry law is bringing grief to wildcatters in some parts of Oklahoma. Some of the boys are now drawing pen sentences instead of \$50 and 30 days. Rather discouraging to ambitious artists in this line. The quality of their product will never improve if the boys are to be picked up before they have learned the trade.

## AN AMERICAN'S CREED

Compiled by Charles W. Miller  
Vicksburg (Miss.) Herald  
In the house of the righteous is much treasure; but in the revenues of the wicked is trouble. The lips of the wise disperse knowledge; but the heart of the foolish doeth not so.—(Prov. xv: 6, 7.) Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves. Do all things without murmurings and disputings: That ye may be blameless and harmless, the sons of God, without rebuke, in the midst of a crooked and perverse nation; among whom ye shine as lights in the world; Holding forth the word of life that I may rejoice in the day of Christ, that I have not run in vain, neither laboured in vain.—Philippians II: 3, 14-16.) Beloved, now are we the sons of God, and it doth not yet appear what we shall be; but we know that when He shall appear, we shall be like Him; for we shall see Him as He is. And every man that hath this hope in him purifieth himself, even as He is pure.—(1 John III: 2, 3.)

## MORRIS CALLED TO TEXAS CITY

Baptist Pastor Undecided as to Acceptance of San Marcos, Texas.

Rev. C. C. Morris has received notice of his unanimous call to the pastorate of the First Baptist church of San Marcos, Texas, one of the strongest churches of the Baptist denomination in the Lone Star state. It has a membership of more than eleven hundred, and the pastorate carries a salary of \$4,000. San Marcos is a school city with a great opportunity for a live pastor.

Rev. Morris was called to this church without his knowing anything about it, and without membership having seen him. They heard and knew of the work he has been doing at Ada, and on the strength of this record made the call.

He has not decided definitely whether he will accept the call or remain in Ada. Efforts are being made by the local congregation to retain the services of Rev. Morris, but it is not known whether he will decide to remain with Ada congregation or go to the larger church in San Marcos.

Since coming to Ada four years ago, Rev. Morris has led his congregation in building one of the strongest churches in Oklahoma and has probably the largest Sunday school for the size of the city in the state.

## PARENT-TEACHERS ASK EXCESS LEVY

Point Out Advantages to be Had in Providing Ample Funds.

That the parent-teachers associations of the city endorse the excess levy for the maintenance of schools is seen in the signed statement in which they lend their support for the interest of the election.

The statement of the associations indicate that they favor the maintenance of funds sufficient to keep the schools out of financial indebtedness and on the same high rating as enjoyed in the past.

The statement warns that failure of the levy vote would be the losing of advantages already enjoyed by Ada schools.

Following is the statement:

We, the undersigned officials of the Parent-Teachers associations of Ada, desire to make this public statement in regard to the excess levy vote to be held on next Tuesday.

In our endeavor in a constructive way to aid the material welfare of our respective schools and to foster a wholesome spirit of co-operation on the part of patrons and the public generally, we have come into close contact with the schools of our wards and the schools of the city as a whole. Based upon this knowledge of them, we wish to go on record in this public endorsement of them and the levy to be voted for their maintenance. We believe that the public schools of Ada measure up to the standards of other school systems in this and other states and that they are producing results commensurate with the funds and equipment at their disposal. We commend the school administration heartily for the fact that there is no outstanding maintenance indebtedness against this school district and for the fact that at the close of the present school year the schools of this city will be on a cash basis, a condition that is exceptional in this state at this time. The necessity for an annual vote on an excess levy for maintenance purposes is required by Section 161 of Article 6 of the School Laws of Oklahoma, when the five mills allowed by the Constitution of the state are insufficient to provide the funds necessary to maintain the schools. According to the published statement of the Board of Education, to raise the budget necessary for the schools during the fiscal year beginning July 1, 1923, and closing June 30, 1924, will require a 10 mill additional levy, based upon the estimated valuations of the school district as made by the County Tax Assessor.

In view of the admitted fact that this levy is vital to the interests of our public schools and our city, that failure to vote it would practically mean the loss of public school advantages in this city for

one year and would be fatal to the good standing of our schools in their affiliation with institutions of higher learning in this and other states and with North Central Association and in view of the fact that we are called upon to vote no higher tax for next year than we have voted for the past three years, we endorse the action of the Board of Education in calling for this levy and pledge them our active support in behalf of it.

## OIL NEWS

The LaSalle well in section 31-5-5, near Bebee, is drilling between 400 and 500 feet.

Leasing for oil and gas purposes continues unabated. Some of those interested predict that before this year has passed, almost the entire county will be under lease. This within itself, will bring in several hundred thousand dollars in a year's time.

## PEOPLE SURVIVE AT SAME RATE AS LAST YEAR

The number of deaths in and around Ada are running about the same as usual for the time of year, according to a local undertaker.

A larger proportion of deaths

from among the children can be expected during the hot summer months, although the total number of visits of the death angel will be about the same as for the colder portions of the year.

## GOLF CLUB PLANS FEED FOR TUESDAY

At a meeting of the Ada Golf and Country club held in the office of Ebey, Sugg and Co. last night a committee was appointed to arrange for a get-together meeting and feed to be held next Tuesday at the Harris hotel at 11:15 a. m. The purpose of this meeting will be to discuss the pleasures derived from the pursuit of the "wee sma ball among the heather" and also to discuss the future of the local club.

In addition to the charge to the committee to arrange for a feed they are also instructed to prepare a short program for the occasion.

The Ada Golf and Country club was organized a little over a year ago and a lease obtained on a tract of ground south of the city which has been converted into one of the best nine hole courses in the state. Sandy Baxter, of the Oklahoma City Golf and Country Club laid out the course and set the par at 34. He stated at the time that it would not be played in par by any of the local members within two years, and to date his prediction has held good, the closest score to par being 39 made late last summer by T. W. Fentem.

## FIRE FIGHTERS TURN ATTENTION TO PARK

The fire force is working hard in an effort to get the city park into shape for its spring opening about May 15. Many improvements have been made and more are promised.

Of special interest is the news that the concrete swimming pool is being put in shape and will soon be ready to accommodate its daily quota of those seeking relief from heat and for enjoyment of the sport.

The two tennis courts are already in use and are in excellent condition for playing. Croquet also promised to be a popular sport in the park the coming summer.

A large number of seats have already been placed in the park for the accommodation of those who do not wish to take part in the more strenuous forms of relaxation and sport. All paths leading through the park are ready to guide the visitors through shady nooks and open lawns about the grounds.

The fire force also plans to construct a band stand from which visitors to the park can secure music in the cool of the evening. Mr. Jones promises that it will be a real band stand when it is completed.

## Sparks Wins Again

Another victory attached to the belt of "Iron Jaw" Claude Sparks places him in high rank with the leather pushers of this section of the state.

Sparks claimed his latest victory over Terry Walker of Wewoka Thursday night when he landed the knockout blow in the seventh round of his scheduled ten-round go.

The bout seemed well matched until Sparks landed his K. O. to the jaw of his opponent, knocking him through the ropes and forcing him to the count. Sparks, however, out-pointed Walker in a majority of the rounds before the count.

Sparks' knockout over Walker, is a notable victory for the Ada fighter, Walker being touted as a strong opponent by ring followers at Wewoka and that vicinity. Walker was making his second fight in Wewoka, having been discharged from the Navy a short time previous. Walker brought a string of victories from service engagements.

Sparks latest debut in the ring has raised his average and placed him in the class with the best in his weight in this section of the state.

Recent flistic encounters that have raised Sparks rating to its present peak are draw with Shorty Call at Allen; decision over Jack Ivey at Allen; decision over battling Heath at Ada; draw with Frankie Adams at Perry.

BRISTOW.—Members of the Bristow Lions club will go to the state convention at Enid May 10 determined to bring the state meeting here next year. They will take a band with them to the session and stage a parade as soon as they arrive in the convention city. Thirty-five rooms have been engaged at an Enid hotel for members of the Bristow club.

## Green's Club Ready For Tilt With Wilson Team In Sunday Game Here

Ada will again give way to the baseball bug Sunday afternoon when the invading team from Wilson trots out on the diamond for a nine-inning tilt with the local nine.

Manager A. O. Green stated Saturday that the team is in perfect condition and ready for the tilt with the Wilson team. Green declared that no weak spots existed in the team's lineup and every man on the Ada line is expected to play the same class of ball shown here last Sunday when Ada defeated the Wilson Co. team of Oklahoma City by a decisive score of 8-2.

Williams will work on the mound for Ada in Sunday's game and is due for the usual results against the Wilson batters. Williams' performance on the mound last Sunday was worthy of credit and should his accomplishments in Sunday's game be of the same order, Manager Green considers the team a certain winner.

No changes will be made on the Ada team Manager Green stated Saturday, as he expected Pain to return from Holdenville in time to take over his position at second base. Pain grabbed batting honors in last Sunday's game by rapping out three hits in his four visits to the plate. Pain also played an errorless game at second.

Practically all of Ada's last year team is back in the old lot this year with a select contribution from the local college team. Lee, Kirkpatrick, Lucas and McCoy from the College have shown up strong in the games already played.

The Ada team has played only one squad in amateur class, that being Wilson Co. team of Oklahoma City last year in which Ada claimed the heavy end of the score. Other games played by the Ada team have been with McAlester and Duncan.

Wilson is said to have a strong team for contention here Sunday and will come to Ada with the intention of making things snappy during the nine innings of the play. The game will start on scheduled time.

Virgil Auld local tailor is the latest to hang out prizes for individuals on the local club to shoot at in the coming games of the season. Auld's prizes are as follows: First home run hit by Ada player—\$5.00 in cleaning and pressing work; for every fair ball hit over the fence by Ada players—\$5.00 in cleaning and pressing work; most runs made by Ada player during season—\$5.00 in cleaning and pressing work; for best batting average of any Ada player—\$5.00 in

cleaning and pressing work; for most valuable Ada man to team—\$15.00 on tailor-made suit.

### MAIN STREET

—BY—

V. L. E.

It's certainly remarkable, the things that women can do.

We see the heroine in a movie jump into the swirling streams to rescue her blindfolded and the next moment see her basking in the arms of her lover in a clean, dry frock with not a curl unfurled.

We hear the girl abuse popular debutant and then rush up and plant an affectionate sisterly kiss on her cheek.

We hear the girl pronounce her fatigue after a ten-mile romp on a picnic and then she never misses a dance.

A popular girl is oftentimes one who doesn't believe in primitive love but favors steady affection.

Virgil Auld says auto owners are not the only people who worry about the price of gasoline. He still cleans clothes.

The fellow who contends that bobbed hair is standardizing girls, probably contends that Standard oil is a hair slicker.

When Bonnie drove her loppin' Ford A ramblin' down the street, Jellies dodged the runnin' board. The undertaker firms to cheat.

So live your life, that when the final summons come, others will mourn beside the bill collectors.

About the only thing as worthless as a German mark is a hair pin.

## The Final Test of a Good Store--

What do you get, for what you pay!

It isn't the height of the store building that interests the customer. Sometimes the highest buildings hold the broadest stocks and sometimes they do not.

It isn't the finest and newest fixtures that count for best satisfaction to the purchaser; though many fine feathers do make fine birds.

In this store we aim to show you the best goods that the money can buy, in all the various grades that meet people's desire and give good service for the money paid.

We aim to carry ample varieties of all wanted goods, and also to show many new things that people couldn't want until they saw them and thus were given the desire for them.

First of all, we make sure that everything we offer for sale is **RELIABLE**.

Next we make sure that we buy it at its lowest possible price and sell it the same way.

These are the principles upon which this business is founded and we aim to carry them out each day that we open our store doors.

We leave nothing undone that we believe will make this store worthy of public confidence and support. When you think of anything that we might do to make the store more useful and satisfactory to you, we shall be glad to know about it.

Today the store is at its best—

Full of fine New Goods—

Plenty of courteous, intelligent salespeople—

Eager to give you best service.—COME!

## Driving Comfort in Winter

The Buick "Model 45" Six Cylinder—\$1195

As complete as has been the development of the enclosed car, Buick designers have not neglected to improve the open type of car, building into it a measure of comfort, convenience and weather protection surpassed only by the more expensive closed vehicle.

Protection against wind and snow is assured by the snug-fitting storm curtains that open with the doors. The Buick design of storm curtains with a special weather strip provides a coziness, comparable to that of any closed car, while windshield wiper and tight fitting windshield, adjustable from within, make driving safe and comfortable.

**Sulphur Showing  
Appreciation of  
College at Ada**

Sulphur and Murray county appreciate the fact that we have one of the state's greatest normal schools right at our front door. The East Central State Teachers' College is as good, if not the best normal in the state. The buildings are unsurpassed. There are many reasons why we should claim this as our normal school, not only because it is the best but because Ada is our near neighbor and such a good neighbor, she is, that we naturally like to neighbor with her and return some of the many favors we have received.

In an interview with S. P. Hendricks, County Superintendent, he said that Dr. A. Linscheid, the president of this institution, is in his opinion one of the most thorough scholars and best educators of the state. Not only this but he knows well how to select good teachers as is evidenced by his faculty of strong teachers. "Every department," says Prof. Hendricks, "has a teacher especially adapted to the work and there is not a weak member in the entire school."

**Final Plans Laid  
for Booster Trip  
of Sulphur Group**

Final detailed plans for Sulphur's three booster trips to be staged next week were laid at a meeting of the Chamber of Commerce Wednesday night in the city hall.

W. B. Gill, chairman of the booster committee, reported that 35 cars with a capacity of 104 passengers had signed up. Of these 13 cars with 30 passengers will go on the first trip beginning Monday morning and ending Tuesday night. Eleven cars with 28 passengers will go on the second trip, beginning Wednesday and ending Thursday night; 11 cars with 37 passengers will go on the three day trip south, beginning Thursday and ending Saturday night. This trip will include Duncan, where the boosters will visit the state press convention in an effort to land it for Sulphur next year. —Sulphur Times.

**BARRETT TO HOLD SPECIAL  
TERM COURT AT ADA**

Beginning next Monday, District Judge A. C. Barrett, will take up activity of a four-day term of district court at Ada.

The term of court there will be civil in nature.

Judge Barrett spends approximately two days out of each week on the Pauls Valley bench of the district court, but occasionally he is assigned to take other points in the district where dockets are heavy and matters pressing. He is generally in Pauls Valley on Monday and Tuesday, visiting other courts on days later in the week—but this time he will be in Ada the early days of the week. No court will be held in Pauls Valley next week, unless a decision is later made to open for a day or so. —Pauls Valley Democrat.

**Pauls Valley to  
Follow Out Own  
Annual Trade Trip**

Given fair weather, the semi-annual trade trip, No. 1 of 1923, of the Pauls Valley chamber of Commerce, which is scheduled for May 10 and 11, promises to be the biggest event of its kind ever held in this part of the state. General interest is already aroused in the plans and purposes of the trip.

All the merchants and many citizens of Pauls Valley want to go with the boosters and make additional acquaintances over the county. The spirit of good will which Pauls Valley bears toward all who come within her doors will again be scattered.

Sixteen pieces of the Pauls Valley band will accompany the boosters to provide music for each stop, the route covering some 15 towns and communities in Garvin and Murray counties. A complete schedule is printed in another article in this issue.

A live committee of members of the chamber of commerce is at work on the details of the trip. It is planned to take at least sixty cars of people on the trip.

Nothing would suit Sulphur better. We're on, and always ready and willing to go for any good, progressive and public spirited move. Sulphur is growing faster, more substantially and spreading out more than any town in the state. If any of our neighbors doubt this, just be sure and attend the opening of the Platt National Park on May 18, and here's dollars to doughnuts that you are not three blocks in the city until you notice a great improvement, both of municipal and by individuals, since your last trip here. And while here, talk the paved road, it's bound to come some day, why not now. Ada is a neighbor we are proud of, a city worth going to and will always be a great educational city where we all delight to pay a visit occasionally. —Sulphur Democrat.

**J. E. ROYCE APPOINTED  
TO BOARD OF AGRICULTURE**

J. E. Royce of the Plainview community, and one of Atoka county's most substantial farmers, was appointed Tuesday to membership on the State Board of Agriculture to succeed J. N. Roach of Atoka.

Mr. Royce had the endorsement of the Farm Labor Union of Atoka county for the place and we are certain that the organization will not have reason to regret having selected Mr. Royce for the place. In fact Governor Walton might have looked the whole state over and not have found a more suitable man for that important place than Mr. Royce. —Atoka Indian-Citizen, Democrat.

## American Painter Wins First Prize in Display of International Works

(By the Associated Press)

PITTSBURGH, Pa. April 2.—Arthur B. Davies of New York City won first prize in the twenty-second international exhibition of paintings at Carnegie Institute of Pittsburgh. It was announced today at the close of the Founders' Day exercises. The distinction carried with it a gold medal and \$1,500, and was for his painting, "Afterthoughts of Earth."

The second prize, a silver medal and \$1,000, went to Eugene Speicher, of New York, for his painting, "The Hunter," and the third prize, a bronze medal and \$500, to Pierre Bonnard, of France, for his painting, "Woman with Cat." Honorable mentions were awarded to Pierre-Laprade of Paris, Maurice Denis of Germain-en-Laye, Pierre Laurens of Paris, Leon Underwood and Henry Lamb of London, Henry Lee McFee of Woodstock, N. Y., and C. Foster Bailey, who reside temporarily in Paris and Anto Carls of Brussels.

The jury award for the International were Augustus John of London, George Desvallieres of Paris, and Jonas Lie and Horatio Walker, both of New York City. The prizes were awarded in Pittsburgh, April 6.

There are 293 paintings in this year's International, 126 being by Americans and 167 by Europeans. Mr. Davies is known to art critics as a symbolist and painter of ideas. Though he paints the unusual and remote, and employs at times striking method in his work, he has achieved a high place among painters in this country and abroad. He was born in Utica, N. Y., in 1882, and at the age of seven, his drawings attracted the attention of Dwight Williams, who gave him his first lesson in art. Some years later while working as a civil engineer in Mexico, Mr. Davies saw for the first time the works of some of the old masters. This definitely inspired a change in his life, and in 1886 he went to New York where he made illustrations for magazines. Two of his paintings appeared in the first International at Carnegie Institute in 1896, an exceptional honor for a young and comparatively unknown artist. He exhibited in several other International, and at the seventeenth was awarded an honorable mention.

Eugene Speicher, winner of the second prize, is a distinguished and vigorous figure among the younger American painters. His art is of a robust, full-blooded and decidedly American type. He was born in Buffalo, N. Y., in 1883, studied

art there and in New York City and later spent three years abroad. In 1921 at the twentieth International he was awarded third prize for his painting, "Girl with Green Hat."

TO THE CITY OF ADA, OKLAHOMA AND TO ALL OWNERS OF PROPERTY IN ARLINGTON ADDITION ADJOINING THE CITY OF ADA:

Notice is hereby given that the undersigned, The Ada Investment Company, a corporation, being the owner of at least three-fourths in value and composed of at least three-fourths of the legal voters owning property in Arlington Addition, has filed in the office of the City Clerk of the City of Ada, its petition praying that said Arlington Addition be annexed to and made a part of the incorporated City of Ada, Oklahoma. Said Addition consists of all that portion of the Southwest Quarter of Section Twenty-seven, (27) Township Four (4) North, Range Six (6) East, Pontotoc County, Oklahoma, lying south and east of the St. Louis & San Francisco Railroad Right-of-Way and more particularly described as blocks One (1) to Twelve (12) both inclusive, of Arlington Addition on the City of Ada, Oklahoma.

Said petition will be finally presented to the Board of Commissioners of the City of Ada, Oklahoma at the regular meeting of said Board on May 15th, 1923 at which time said Board of Commissioners shall by ordinance annex said property to the City of Ada, Oklahoma as by law required.

Witness the Signature and seal of said Ada Investment Company, a corporation this 27th day of April, 1923.

## Minors Preparing For Big Year; Bigger Teams Training in South

Photos from South Carolina camp of Buffalo team. Above, Shortstop Jack Sheehan off for first after laying down a bunt. Below, Second Baseman Art Butler, sliding. At right, Manager Jack Wiltze.

By NORMAN E. BROWN

Naturally interest in the coming baseball season centers generally around the big show. But the fans in scores of minor league towns are awaiting with bated breath the opening of the league campaigns in the circuits in which their own town is listed.

By all that is true and holy, the International league, one of the five big minor league organizations ought to furnish its fans with one of the most torrid races in years.

For many moons the race has proved somewhat of a walkaway for the Baltimore team, led and owned by Jack Dunn. Unlimited capital and connection with the major teams has given Dunn an advantage which the other teams could not overcome. But this year Baltimore will be weakened materially by changes in its line-up. The sale of Pitcher Jack Bentley to the Giants is probably the biggest blow the team suffered. Meanwhile other clubs in the league, urged on by the partial wrecking of the Ori-

ole team, have bolstered their line-up. As a result the race ought to be more than an Australian pursuit affair.

Buffalo, which finished third last season, is one of the teams expected to give the Baltimore team a real run for its money.

The Bison City team is now getting under way at its camp at Anderson, South Carolina. Under the management of Jack Wiltze, former Giant hurling star, the club is rapidly rounding into a condition that is giving its scribes much joy.

Two of the men figured on to put the team right up there this year are Jack Sheehan and Art Butler. Sheehan is shortstop and field captain of the club. Butler, second baseman, is one of the leading hitters of the International league. Last year he walloped the Baldwin for a .321 average and ranked third in fielding.

Clarence Fisher, formerly a member of the Washington Senators, purchased from Reading last spring, is counted on to rank

among the leading pitchers in this coming campaign. He turned in twenty-one victories while losing but ten games last season and expects a better year ahead. Harry Heitman, who won nine and lost four games last season, appears to be in better shape than last season. Franke Werre is counted on to do the southpawing. This lefty broke even in twenty-six games last season.

In the outfield, Frank Kane, once a member of the Yankees and later with the Jersey City club in the International, is expected to shine. Kane and Ed Rafferty were the leading pair in the outfield last season.

The Rochester club, which finished second, right on the heels of the Orioles, despite the strength of Dunn's team, and the Jersey City club, which finished fourth, close to the Buffalo team, are all anticipating big years, due to shifts and new players.

Altogether it looks like a big year in the International.

## ALL PLANS SET FOR DUAL MEET

College and Hi School Track  
Squads to Meet in  
in Handicap.

All details have been worked out for the handicap dual track meet here Wednesday afternoon between the College and High school squads, which have trained under Coach Harry Scheinberg.

The high school will be given a handicap in the track and field events but the details have not as yet been announced.

Both the College and Hi squads have been working hard during the past week training for the event and it is expected to draw a bit of rivalry.

The high school is said to have a decided advantage from a point of experience and training as most of the members of the team have been on the cinder path for the past three years and are thoroughly seasoned for the meet. Many College men have never been out before and furnish raw material for training.

The following is the order of events on the two days of the meet.

## Wednesday

Track Events—100-yd. dash, 880-yd. dash, high hurdles, low hurdles. Field Events—Pole vault, shot put, discus.

## Thursday

## BEACH COMBERS GO BACK TO FAR EAST

(By the Associated Press)  
KOBE, Japan, April 3.—The beachcomber, hero or otherwise of many stories about the Far East, is returning to the ports of Japan after an absence of 8 years. With the outbreak of the war, the beachcombers disappeared entirely.

Most of them went home to fight for their respective countries; or if their own country was not involved, attracted by adventure, joined a foreign legion. The few remaining found that with jobs open to all, it was difficult to live on the bounty of the foreign communities of the ports. Now they are drifting back and the foreign communities are discussing how to deal with them.

The American consular service is provided with sufficient funds for the relief and repatriation of destitute American seamen. These funds are administered under regulations drawn up by the Department of State, but a considerable amount of discretionary power is placed in the hands of the consuls. Each case is investigated individually, and relief is administered, even though the seaman is a deserter or has missed his vessel through negligence, if he appears to be deserving and not a confirmed "marine hobo." Board and lodging is provided for these cases and they are repatriated by the first available vessel, at the expense of the American government.

This is an exception however, for few women agree to sit on the receiving end at such a race with words.

HIGHEST POINT IN FLORIDA  
325 FEET ABOVE SEA LEVEL

(By the Associated Press)  
WASHINGTON, April 3.—Florida, speaking physically, is the lowest state of the union.

The geological survey has just completed a topographical investigation showing that the Peninsula State's highest elevation, located in Polk county and known as "Iron Mountain," is only 325 feet above sea level. The widely known Everglades, comprising an area 150 miles long and about 100 miles broad, are at an average elevation of less than 50 feet above the sea while the surface of the shallow lake within them, Okeechobee, is not quite 20 feet above sea level.

Even the one or two ridges within the borders of the state scarcely rise to 300 feet elevation. The capital, Tallahassee, is located on the slope of one of the uplands, and within the city border the elevation varies from 300 feet above sea level to less than 80 feet.

### The Asylum Concert

By CLARA DELAFIELD

(By the Associated Press)

The annual concert at the state asylum had been a great success. Scores of sane guests had mingled with the inmates and listened to the performance. Nothing untoward had happened, and if the second violin had been just a trifle erratic nobody could reasonably take exception to that.

After the national anthem had been played, and it had grown dark, two men found themselves in a friendly conversation on the lawn.

"I believe I have the pleasure of having made your acquaintance at some time," said one of them. "I am Governor Jenkins."

"Delighted to have met you, governor," responded the other cordially. "I am District Attorney Smith."

"Very pleased, I'm sure," said the first man. They shook hands.

"Well, governor, what do you think of the proceedings?" asked the district attorney.

"Very fine, very fine," answered the governor. "There's no scandal in this institution, anyone can see that, though I haven't had time to go all through the buildings yet. Would you care to accompany me on my tour?"

"No, no," answered the other hastily. "Do you know I think it would upset me to see the scenes and sights of the padded rooms."

"Why, my dear fellow, you're clean out of date. They don't have padded rooms nowadays," replied Governor Jenkins. "We rely entirely on moral suasion and a little croton oil upon occasions. Why, hasn't it occurred to you what a simple matter it would be for any determined lunatic to get possession of some visitor's card of admission and calmly walk out with the crowd?"

"Yes, yes," replied the other. "It's a tribute to your institution, governor, that nothing of the sort occurs."

"Oh, dear me, no," answered the governor. "Here's the superintendent. Hello, Harry! Allow me to present to you my friend, District Attorney Smith."

"Pleased to meet you, I'm sure," said the superintendent, extending a hand to the other, who took it a little gingerly.

"Well, I'll have to be going," said the district attorney, with rather forced jocoseness. "An important appointment about that Eldridge case. You going my way, governor?"

"Well, as far as the gate, anyhow," answered Governor Jenkins. "We were paying a tribute to your institution, Mr. Superintendent. Everything was a huge success tonight."

"I'm sure I'm very grateful to you," replied the superintendent.

"But, you know, it makes one feel creepy, being in a place like this," said the district attorney. "Don't you know that eerie feeling that one may possibly actually be an insane patient and not know it?"

The stream of visitors was pouring out, each passing under the quick, silent scrutiny of a guard. The superintendent stopped at the gate and faced him.

"Yes, I know that feeling," he answered nervously.

A man stepped quietly forward. "Well, boys, been enjoying yourselves?" he asked. Closing time in five minutes. You'd better get back to your rooms sharp, or there'll be punishment tomorrow."

The district attorney glanced at the two others in sudden alarm. He had suspected the governor, but he had never dreamed that the superintendent.

"Why, I—I'm Governor Jenkins!" exclaimed his companion.

The newcomer smiled. "Why, of course, my dear governor," he answered, laying a hand fraternally upon his shoulder. "But the executive mansion has been cleaned and swept, and we are awaiting your return."

The district attorney stepped forward and confronted him. "See here, you know I'm a visitor," he said. "I'm District Attorney Smith. I—I—"

"Why, bless my soul, my old friend Mr. Smith!" exclaimed the other, wringing his hand. "We were just looking for you, Mr. Smith. There's an important case comes up—most important. You just come back with the governor and our friend here, and I'll get you the papers."

"That'll do, Harry! Don't be late for roll call," said the superintendent.

The newcomer, with a strange, apologetic murmur, suddenly disappeared. Smith and Jenkins stared at each other.

"Aren't you—aren't you—?"

"Insane? No. Aren't you?"

"Good God," burst out the district attorney, "all this sort of thing makes one doubt his own rationality."

"Yes," said the superintendent, "we find our guards are apt to go as mad as our patients. Good-night, gentlemen."

### Doors of New Design.

One of the oldest forms of human inventions is the door swinging on hinges at one side. Some weaving insects, such as trap-door spiders, employ a similar device. But nothing is too old or too good to escape the efforts at improvement. A Belgian, Joseph Henri Dierick, invented a door of a new type, consisting of two triangular parts which close together on a diagonal line, running from one lower corner of the door opening to the opposite upper corner. The two parts, or leaves, are pivoted in such a manner that when opened they swing into partitions in the ceiling, leaving an entirely unobstructed passage.

More people rode on electric railways in this country last year than in 1921, despite the competition of flivver and busses.

## Golf Program Filled With Many Tournaments in U.S. And on Foreign Courses

(By the Associated Press)

NEW YORK, May 5.—Somebody among the demon statisticians of sport has figured, approximately, that if all the golf clubs in use this season were laid end to end they would go around the world about 15 times. Be that as it may, the 1923 season of championship golf is filled with a greater number of tournaments, both foreign and domestic, than in any other year.

Leading American linksmen again have invaded the British Isles in quest of championship laurels. The American Walker Cup team, holders of the international amateur team title, will defend the cup at St. Andrew's, Scotland, May 18 and 19. They also are entered in the British amateur championship, which opens Monday at Deal and will play in other leading tournaments before returning home.

Walter Hagen, the present holder of the title, Charles Hoffman and Gene Sarazen are among the American professionals seeking laurels in the British open at Troon, Scotland next month.

The Associated Press has compiled the following list of principal tournaments at home and abroad:

**Foreign**

### Automobile Caravan of Sulphur Boosters Make Stop at Ada

An automobile caravan of boosters from Platt National Park, Sulphur, Okla., will arrive in Ada at 1 p. m. Tuesday, May 8, to meet with local business men and get acquainted with the town. They will be accompanied by a band, it is understood, and will furnish music on the street.

Platt National Park is planning a big celebration May 18 in the form of a water carnival and basket dinner. This is the first event of its kind ever held in Oklahoma and an immense crowd is expected. All entertainment will be free. The boosters invited our city to nominate a candidate for the honor of water carnival queen.
